

.357 SIG Cartridge

.357 SIG Cartridge

Ideal for a shooter who desires the power of a .357 Magnum cartridge in a semi-automatic handgun, the .357 SIG's high velocity, reliable precision and impressive range make it an ideal choice for self-defense or hunting large game. The sleek, bottleneck design of the .357 SIG allows for a wide range of flexibility in the type of projectile used without the oft-associated feeding issues.

Drawn from American-made premium brass cups that are manufactured exclusively at Jagemann™ Sporting Group, each casing undergoes rigorous in-line and post-production quality assurance testing to ensure a flawless casing of unparalleled durability and dependability.

Standard casing dimensions and tolerances have been modified to achieve maximum performance. Jagemann™ Sporting Group's in-house tooling and engineering capabilities provide the ability to customize casing dimensions for use with specific projectiles. We can meet your needs.
